

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

INDEX TO GENERA, SPECIES, ETC., DESCRIBED AND REFERRED TO IN THE PROCEEDINGS FOR 1913.

*Species described as new are indicated by heavy-faced, synonyms by
italic numerals.*

Abra æqualis.....	497	Agelæna sp.....	678
Abracris nebulosa.....	339	Agelaius icterocephalus.....	211
signatipes.....	339	Agelena hentzi.....	182
Acestra gladius.....	576	nævïa.....	182
oxyrhynchus.....	576	pennsylvanica.....	183
Achatina concentrica.....	645	Agræcia maculata.....	375

GENERAL INDEX.

1913.

- Additions to Museum, 712.
 Aebley, Jacob, Janitor, 711.
 Allen, Ada, Aid in Herbarium, 711.
 Ashton, Thomas G., M.D., Member of Council, 711.
 Avebury, Lord, announcement of death of, 515.
 Baird, Lucy H., announcement of death of, 515.
 Baker, Fred. The land and fresh water mollusks of the Stanford Expedition to Brazil (Plates XXI-XXVII), 515, 618.
 Banks, Nathan. Notes on the types of some American spiders in European collections (Plates XI, XII, XIII), 152, 177. Notes on some Costa Rican Arachnida (Plates XXVIII-XXX), 580, 676.
 Balzer, Armin, announcement of death of, 580.
 Barbour, Thomas. Reptiles collected by the Yale Expedition of 1912 (Plate XVII), 505, 515.
 Berry, S. Stillman. Notes on some West American Cephalopods, 73, 81.
 Biddle, Thomas, M.D. Committee on library, 2. Thanks to, 2. Member of Council, 711.
 Bilgram, Hugo. The critical point in liquids, 582.
 Billings, John S., M.D., announcement of death of, 152.
 Biological and Microscopical Section, report of, 704.
 Blanchard, Anna, announcement of death of, 515.
 Botanical Section, report of, 707.
 Boyer, Charles S. On the diatoms of Philadelphia, 581. Report of Biological and Microscopical Section, 704.
 Braun, Annette Frances. Evolution of the color pattern in the microlepidopterous genus *Lithocolletis*, 515.
 Brown, Amos P. Variation in two species of *Lucidella* from Jamaica (Plate I), 1, 3. Notes on the geology of the Island of Antigua (Plates XVIII-XX), 584.
 Brown, Amos P., and Henry A. Pilsbry. Two collections of Pleistocene fossils from the Isthmus of Panama, 493, 515.
 Brown, Stewardson, report of Botanical Section, 707. Assistant to Curators, 711. Recorder of Ornithological Section, 710. Assistant to Curators, 711.
 Cadwalader, John. Committee on Finance, 1. Vice-President of Academy, 710.
 Calvert, Philip P., Ph.D. The fossil Odonate *Phenacolestes*, with a discussion of the venation of the legion *Podagrion* Selys (Plate XIV), 219, 225. Member of Council, 711.
 Campion, Herbert. The antenodal reticulation of the wings of agrionine dragonflies, 219, 220.
 Centenary Committee, thanks to, 617.
 Chamberlain, Rev. Leander T., announcement of death of, 219.
 Clappier, Charles, Janitor, 711.
 Cocchi, Igino, announcement of death of, 515.
 Cockerell, T. D. A. Some Australian bees, 28, 81.
 Collett, Robert, announcement of death of, 81.
 Collins, Alfred M., elected a member, 2.
 Conklin, Edwin G., Vice-President of Academy, 710.
 Corresponding Secretary, report of, 695.
 Corson, Joseph H., announcement of death of, 515.
 Council for 1914, 711.
 Cramp, Charles H., announcement of death of, 515.
 Crawford, Joseph, Vice-Director of Botanical Section, 708.
 Crease, Orlando, announcement of death of, 515.
 Cresson, Ezra T., Treasurer and member of Publication Committee of Entomological Section, 706.

- Cresson, Ezra T., Jr., Member of Publication Committee of the Entomological Section, 706. Assistant to Curators, 711.
- Curators, report of, 699.
- Curtin, Roland G., M.D., announcement of death of, 81.
- Cushing, Herbert H., elected a member, 580.
- Dall, William Healey. New species of the genus *Mohnia* from the North Pacific, 501, 515.
- Davis, William B., Treasurer of Mineralogical and Geological Section, 708.
- Department of Mollusca, report of, 702.
- Dixon, Edwin S., Committee on Finance, 1. Member of Council, 710.
- Dixon, Samuel G., M.D., LL.D. Report of Curators, 702. President of Academy, 710. Curator of Academy, 710. Member of Council, 711.
- Entomological Section, report of, 704.
- Fenton, Thomas H., M.D., Committee on Library, 2.
- Finance, Committee on, 1.
- Fowler, Henry W. Notes on catostomid fishes, 45, 81. Notes on the fishes of the Chincoteague region of Virginia, 61, 81. Some type-specimens of the American cyprinoid fishes of the genus *Rutilus*, 66, 81. Amphibians and reptiles from Ecuador, Venezuela, and Yucatan (Plates V-X), 152, 153. Fishes from the Madeira River, Brazil, 515, 517. *Curimatus spilurus* Cope, a wrongly identified Characin, 673. Assistant to Curators, 711.
- Fox, Henry. Data on the orthopteran faunistics of eastern Pennsylvania and southern New Jersey, 617.
- Fox, William J., Committee on Publications, 2. Assistant Librarian 710.
- Gorgas, Col. W. C., elected a Correspondent, 81.
- Grant, William S., announcement of death of, 515.
- Heath, Harold. The anatomy of two Brazilian land snails, *Anostoma depressum* and *Tomigerus clausus* (Plate XXXI), 617, 688.
